## PROJECT PROGRESS INFORMATION

### "Acquiring practical knowledge for picking herbs and mushrooms Bio-B-Eko, Bulgaria"

As part of the implementation of a project, with the financial support of the GIVE EURO - HOPE Association, a practical lesson was held with the training group - 11 people - a visit to the Herb Workshop in the village of Yagodina, Borino municipality.

The group picked herbs under the supervision of a lecturer and expert in the town of Nivishta. In cloth bags given to the group - suitable for storing herbs, the group went around the area and collected quantities of oregano, thyme, wild mint, then headed to the Herb Workshop.

A technologist gave a talk on the effective and gentle ways of picking herbs, product quality, drying rules, medicinal properties and benefits of herbs

After that, with the herbs collected by the participants themselves, a demonstration of the production of the so-called "Rhodope elixir" - composed of three types of herbs - oregano, thyme, wild mint.

A talk by a technologist delivered before the Workshop

...packaged tea products - ready for the market

It was explained to the trainees that the Workshop buys herbs seasonally, which may be of interest to the trainee group and is an income opportunity. Contact information was exchanged between the trainees and workshop representatives.
